8.	Review of Care Quality Commission (CQC) Action Plan: Including Questions from YF Members by Rod Barnes, CEO.	
	JC asked if there was an action plan in place to recruit/replace operational staff.	
	RB confirmed that there is an action in place and it is being discussed next week at the Trust Board Meeting.	
	RS asked what has the CQC learnt from their inspection at YAS?	
	RB explained that it was a large inspection with over 50 CQC inspectors from varied backgrounds present. The first draft report did not provide assurance to the Trust that they fully understand how an ambulance service works.	
	BK explained from an acute hospital perspective there is over focus on finance, rather than quality. Staff should be given more opportunity to share best practise. BK explained that it is a comprehensive experience about owning feedback and embedding it within the workplace, and he believes that the YAS Action Plan is achieving that.

	RDT provided an up to date overview of the Trust's financial position.
