1	Apologies / Declaration of Interests The Chairman welcomed everyone to the Annual General Meeting (AGM) of the Yorkshire Ambulance Service (YAS). Apologies were received as above and declarations of interest would be noted during the course of the meeting.	

		Actio
	This year's event was held online as a 'Live Event' and recorded in order to be accessible for all attendees. The meeting reflected the work undertook by YAS during 2020 and our responses to the pandemic by all staff.	
	The Chairman acknowledged all staff and their caring approach during the pandemic. It had been a huge privilege to work alongside staff with compassion and commitment across the Trust. Not only have we learnt a lot during this challenging year, the Chair wanted to acknowledge all the lives lost during the pandemic and our sincere thoughts go to their families.	
2	Minutes of the AGM held on 26 September 2019 including MattersArising not on the AgendaThe minutes of the meeting held on 26 September 2019 were approved as a true and fair representation of the meeting.	
	Matters Arising: There were no matters arising.	
\$	<b>Review of the Financial Year 2019/20</b> The Board received a short video showing highlights of 2019-20 at YAS. It was noted that the audit process was delayed which resulted in the delay of publishing the accounts. The accounts and report will be published by 30 October 2020.

The Board received a verbal update by RB on how the Trust responded to COVID-19. Our first case was presented on 30 January 2020 and since then the pandemic has had a huge impact on all our services. RB thanked everyone who has been involved – One Team Value. One of the critical Draft Minutes of Annual General Meeting 30 September 2020 v 0.2	

	Ac
elements during the pandemic has been the significant number of volunteers at YAS. The Board received a short video of the heroic work delivered to support the Trust.	
<ul> <li>Key volunteers highlighted;</li> <li>Community First Responders</li> <li>Dedication and commitment of volunteers with continuous duties</li> </ul>	
<ul> <li>booked during the pandemic</li> <li>129 volunteers and trained – including cleaning ambulance vehicles</li> <li>Taking COVID-19 calls from patients with symptoms to help NHS 111</li> <li>Assisting with ambulance services for patients who had to self- isolate</li> <li>National emergency period – a few extra hours per week booked</li> <li>PTS volunteer drivers wearing full PPE for each journey and courtesy calls before each run (this is a crucial role for the NHS)</li> </ul>	
RB thanked all volunteers for their fantastic efforts over the last six months.	
<b>COVID-19</b> The Board received a verbal update on the courage of 999 Operations during the early stages having to respond to patients with COVID-19. Clinical and national guidance constantly changed and 999 control centre calls increased by 40%. The number of clinicians increased offering telephone advice to ensure patients were directed to appropriate care. The Nightingale Hospital in Harrogate along with military support is on standby for a second peak.	
Also during the early stages, the number of calls received by 111 First doubled resulting in an increase of volunteers. Staff in the control room increased by 100 learning new skills. However, these calls were supported by the national COVID telephone line. Calls continued to rise when schools and universities re-opened.	
PTS continued to work flexibly to ensure the service ran effectively for urgent patients. This included routine out-patients and patients attending chemotherapy services. Each journey would transport one patient per vehicle fitted with bulk heads to ensure patient safety. Elective care has increased whilst maintaining social distancing.	
Unfortunately YAS lost four colleagues, two from 111 First and two from 999 Operations. Support and advice was crucial during the pandemic which proved to be a difficult time for our own staff as well as the public.	
Prevention and control teams have provided correct PPE and guidance across the organisation. All departments have made a conscious effort in adhering to national guidance.	
The Board received a short video from staff who thanked others from wider organisations for the past six months; Thank You to:
